Entered according to Act of Parliament of Canada, in the year One Thousand Nine Hundred and Eleven by Henderson Directories Limited, in the Office of the Minister of Agriculture.

# Preface

---

We have pleasure in presenting this the fourth edition of Henderson's Regina City Directory. The canvass of the city, necessary to the publication of this work, clearly indicates that the rapid growth and development which we have had to report in previous issues is of a permanent character and we have endeavored to faithfully chronicle this progress, for it is generally recognized that there is no better means of spreading information concerning a city, or of making known its commercial and social advantages than through the medium of a thorough, up-to-date City Directory.

From the classified business section of the work it will be noticed that many new business firms and professional men have located here during the year.

We have again to extend our thanks to our patrons for so marked an increase in the advertising department and for this expression of their growing faith in the necessity and usefulness of this publication, which has become an indispensable adjunct to a modern city's business machinery.

Respectfully,

HENDERSON DIRECTORIES LIMITED.

# City of Regina

---

Regina is situated in lat. 50.30, long. 105, on the main line of the Canadian Pacific Railway.

It is the capital of the Province of Saskatchewan, the seat of government, where the Legislative Assembly meets, and all departmental and executive offices are located here. It is the headquarters of the Royal North-West Mounted Police and also the seat of the Supreme Court.

The main line of the Canadian Pacific Railway bisects the city east and west. It is also the terminus of the same company's line from Arcola, which is continued through from Brandon, a line tapping a very rich and well-settled country to the southeast. This is the longest piece of straight railroad on the continent and runs for ninety-six miles from Regina to a point south of Stoughton in an absolutely straight line, in fact there is no longer stretch of straight track on the Western Hemisphere.

The Canadian Pacific Railway have now completed a line running in a northerly direction from Regina connecting with their Pleasant Hills line near Bulyea. A schedule train service will be inaugurated June 1st of the present year. These new lines give easy access to Last Mountain Lake, a beautiful lake some sixty miles long, the lower extremity of which is distant only twenty-five miles from Regina. This lake will undoubtedly become a very popular summer resort for the citizens of Regina. The railways will give Regina access to an exceedingly productive country, which will largely increase the business done by our wholesale houses.

Regina is the southern terminus of the Canadian Northern Railway Company's line from Prince Albert, and also the terminus of the same company's line from Brandon, which line being continued through to the Great Lakes, gives Regina the benefit of a competitive road through to the head of navigation. The Canadian Northern will also build a line west from Regina this year, as far as Moose Jaw, which will furnish competition with the Canadian Pacific to our sister City.

There is also under construction by the Canadian Pacific Railway Company a line running north from Regina, connecting with the Yorkton-Saskatoon branch at Colonsay. This line skirts the west shores of Last Mountain Lake and will be completed before the snow flies the present year.

Six lines of the Grand Trunk Pacific Railway for Regina is the statement made by a prominent representative of the Company, at a recent banquet of the Regina Board of Trade. Three of these lines are now under construction. The Regina-Melville Branch has been completed from Melville to a point about thirty-five miles from Re-

gina, and will reach the City not later than August of the present year. The line from Regina to the International Boundary, at or near North Portal, connecting with the "Hill" interests, has nearly all been graded and will be completed before October 1st, 1911. The line west to Moose Jaw will also be completed about the same date. Other lines of the Grand Trunk Pacific are, Southwesterly to Lethbridge, northwesterly to Edmonton, east to Brandon, and north to Prince Albert. When this vast programme of railway construction by the Grand Trunk Pacific is completed out of Regina, together with the lines of the Canadian Pacific and the Canadian Northern Railways, Regina will be placed in the enviable position of being the best railway served city in Western Canada.

General Manager Chamberlain, of the Grand Trunk Pacific Railway, is authority for the statement that the terminals of his company at Regina will be the largest between Winnipeg and the Pacific Coast, and further, that when the terminals are fully established they will employ enough men to add 5,000 to the population of the City.

Regina today has more lines of railway than any other city in the province of Sasatchewan. She will have within the next two no other city in Western Canada has such bright prospects for unex-years more railway lines than any other city in Western Canada, and celled railway service in the future.

### Regina a Distributing Point

The railway facilities are an important factor in the development of a distributing point. Regina is the largest distributing point of the Middle West. Her territory comprises 50,000 square miles, extending 115 miles south, 130 miles north, 100 miles east and 250 miles west, embracing 230 towns and villages, with a population within this area of over 400,000

The enormous railway developments mapped out for Saskatchewan will materially increase the territory of Regina. Before two years have passed it will have increased to over 100,000 square miles.

Only one-eighth of the arable land is as yet under cultivation, which affords almost unlimited development. This is questionable argument, as people will apply it to Regina as a sparsely settled community.

The largest volume of distributing from Regina is that done by dealers in agricultural implements, threshers and engines. Last year the volume of business in this line alone amounted to over twenty million dollars. Some twenty-five firms are represented here, including practically every firm in Canada, and a large number from the United States. Three very enterprising American firms, in the Nicholas and Shepherd Co., the Reeves Company, and the Rumely Co., have made Regina their headquarters for the three Prairie Provinces. All the firms represented have erected large and commodious warehouses. Regina now lays claim to being the point of largest distribution of agricultural implements in the world.

Wholesale houses in other lines are well represented, including wholesale groceries, fruits, stoves, scales and cream separators, hardware, furniture, soap, flour, cement works, hides and skins, common brick, compressed brick, gasoline engines, stationery, boots and shoes, printers' supplies, etc., etc. Regina also has an abattoir and cold storage, a tannery, two large storage and forwarding companies, several wholesale commission houses, and other representative concerns.

Regina manufacturies include:

A soap factory.

Three sash and door factories.

Common brick plant.

Compressed brick plant.

Two iron foundries.

A brewery.

Three aerated water factories.

A woven wire fence company.

A corrigated metal culvert factory.

A flour and grist mill.

A gasoline tractor factory.

Petrified stone works.

Cement brick plant.

Paving and stone-crushing plant, manufacturing pavements.

A mattress factory.

A cigar factory.

An abattoir.

A cold storage.

A tannery.

Five printing and bookbinding concerns, etc., etc.

As an indication of the volume of business done the amount of the railway traffic receipts for last year totalled \$4,000,000.00.

The business men of Regina have shown their faith in the City by the substantial class of business blocks they have erected and are continuing to erect.

The Secretary of the Canadian Manufacturers' Association, writing to the Commissioner of the Board of Trade, under date of October 5th, states: "The members of our party all thoroughly enjoyed their visit to your city; not only were they deeply impressed with its many advantages as a manufacturing and distributing centre, but they greatly admired it for its cleanliness, its progressiveness, the substantial character of its buildings and the beauty of its homes."

The type of residences which has been built throughout the residential portion of the city is another sure sign of the faith which the citizens of Regina have in the stability of their city.

The rapid increase in the gross postal revenue of the Regina office is one of the most striking indications of the city's growth and development. In 1906, for the fiscal year ending June 30th the gross postal revenue for the year was \$37,510.00. In 1907 for the nine months ending March 31st, the total was \$35,925.25. For the fiscal year ending March 31st, 1908, the total was \$61,000.04; for the year

ending March 31st, 1909, \$68,684.83, and for the year ending March 31st, 1910, \$102,141.31. In the three Prairie Provinces this amount is only exceeded at Winnipeg and Calgary, and in the whole Dominion by eight cities.

Regina is the centre of the Provincial Government's long distance system, lines now being under operation from Regina to Saskatoon to the north and from Regina to Antler to the southeast. The Provincial Government in 1909 purchased the entire Bell Telephone system in Saskatchewan. The Saskatchewan Telephone Company, the long distance line into Regina, giving connection with Moose Jaw and all Soo line points on the west, was recently taken over by the Government and incorporated as part of the Government system, so that all Saskatchewan telephone lines are practically under Government ownership.

Since the division of the North West Territories into the Provinces of Saskatchewan and Alberta, the judicial situation has been changed, and where formerly the judges of the Supreme Court were distributed throughout the province and with the exception of the hearing of appeals practically confined their duties to their own judicial centre, they have now all been moved to the City of Regina, where they reside. Chambers are held daily.

The only Court of Appeal in the Province is held in the City of Regina, and at this court all the appeals which are taken from any of the cases, tried either at Regina or on circuit, are heard at the sittings of the Court en banc.

The fact that all the supreme court judges reside in Regina, the Court of Appeal sitting here, naturally gives rise to the necessity of a complete law library, and for some years the only real library of this description has been in Regina. This has been increased from year to year both as to reports and text books until it now stands as a comprehensive library, sufficient for all the purposes both of trial and appeal courts, and is the only complete library of this description in the province.

The Department of Education is located in Regina.

The Educational Council of the Province meets here.

The Provincial Normal School is maintained here by the Government.

The annual examination and marking of papers is done here.

### **Saskatchewan College**

Regina organized the first collegiate institute in the province, and have erected a building at a cost, including site and equipment, of over \$130,000. The attendance in the Regina Collegiate is now over 200, as compared with 128 in 1908, 95 in 1907 and 67 in 1906.

The Methodist Church of Canada are erecting a large university in Regina at a cost of \$250,000.00. It is situated in the southern portion of the City and will be ready for occupancy in the fall.

This institution will be a most creditable addition to the already elaborate educational institutions now in Regina, and the citizens mention with pride this excellent mark of advancement.

Regina has five public schools, containing forty-eight rooms in all, Victoria 10, Alexandra 6, Albert 10, Earl Grey 8, and the Strathcona 14, which was built last year at a cost of \$80,000.00, the total attendance is 2,300, with a teaching staff of 40 teachers, three supervisors and two kindergarten directors. In addition Regina maintains a separate school, the Gratton, with an attendance of 450.

Owing to the rapidly increasing population, the Public School Board have been called upon to provide extra accommodation, immediately. This year's programme includes an eight-room addition to the Albert School and a six-room addition to the Victoria. The Board have also purchased properties in the east, west and southern portions of the City as sites for three additional new schools, which will undoubtedly be required before another year.

### Regina Civic Affairs

Regina has an unlimited supply of the very purest water. The original scheme as outlined by the engineers called for the construction of a reservoir in Boggy Creek, a distance of about eight miles from the City. In running the pipe line from the city, however, a large number of springs were struck, and from these a plentiful supply of the purest water has been obtained. The reservoir has a capacity of over 100 million gallons and a gravitation of 85 feet from the reservoir to the power house basin. There are two compensating basins about three miles from the reservoir, having a capacity of 1,065,000 gallons and two storage basins at the power house in the city having a capacity of 650,000 gallons, with steam pump attached to each for maintaining the pressure at the tops of the highest buildings as well as for the increasing the pressure in case of fire.

This year's programme, however, provides for the installing of an additional reservoir, at the base of the supply of water to be located at the highest point with a pumping station in connection with it. This reservoir will be 135 feet above the city and will have a uniform gravity pressure of 60 pounds, which can be increased to 90 pounds if necessary, and will supply water to the highest building in the city, besides doing away with the pumps at the power house.

The present supply of water available is 4,250,000 gallons per day. The new scheme to be installed will be \$70,000, but will be capable of supplying a city of 150,000, or three times the present supply of water. There are 35 miles of water mains with 2,200 connections.

### Trunk Sewer System

Provision was made in 1904 for the construction of a sewerage system with outfall arrangements suitable for the expected population at that time. The growth was so rapid that almost before the completion of the plans at that time adopted the requirements had outgrown the system installed. The necessity of further provision

has been very forcibly brought to the attention of the City authorities for the last three or four years, and in 1910 the City undertook the construction of a trunk sewer system with disposal works about  $2\frac{1}{2}$  miles to the west of the city. This system is a modified separate system whereby all the sewerage collected in the present system and the domestic sewerage from future extensions will be treated in sedimentation tanks and bacteriological filters. The cost of disposal works necessary for the treatment of the sewerage in 1912 will be \$160,000.00, and in 1911 it is proposed to spend about \$95,000.00 on these works. The storm water is conducted directly to Wascana Creek by storm water sewers leading from the various parts of the City in the most direct manner to the creek. A storm water sewer in accordance with this plan is now under construction leading from the north part of the city along Seventh Avenue to Wascana Creek, a distance of two miles, at a cost of \$190,000.00.

It is proposed in 1911 to extend this trunk sewer to afford facilities for all the north part of the City and to have under construction the Wascana Valley trunk sewer, which will connect the present system with the disposal works, the estimated cost being \$90,000.00.

There are 25 miles of sewers with 2,000 connections.

Regina is the best paved city in the West for its size, if not in the Dominion, having ten miles of paving already laid, consisting of four miles of bitulithic, three miles of cresote wood block, one mile of asphalt, one mile of granitoid, and one of sheet asphalt. There are 15 miles of granolithic sidewalks, 40 miles of plank sidewalk and 75 miles of graded streets.

This year's programme includes additional street paving and granolithic sidewalks.

The streets are looked after by a well-equipped sanitary department and are kept scrupulously clean.

### Electric Street Railway

Construction on Regina's municipally owned electric street railway is progressing rapidly. A by-law was submitted to the rate-payers of the city early in the year to raise money for the building of the street railway, and was passed by a large majority. It is fully expected that construction will be so far advanced as to permit of the carrying of passengers to the Exhibition Grounds for the Dominion Exhibition August 1st, of the present year.

The building of the electric street railway makes necessary the installing of additional power to the already enormous power house of the city, the erection of car barns, etc., etc., and this, together with other civic improvements mapped out for this year, will bring the total city expenditures for this year to over one million dollars.

As regards the electrical energy, Regina owns and operates its own electric plant. It started its own work in 1904 and supplied electricity for domestic use at 20c per thousand kilowatt hours, and has gradually reduced it to a sliding scale. The first 300 kilowatt at 6c per 1,000 K.W. In excess of 300 up to 600 K.W. 5c per 1,000 K.W. In excess of 600 up to 900 K.W. 4c. All in excess of 900 at 4c.

Regina is very fortunate in possessing some three hundred acres of park lands situated in different parts of the city. In the centre of the city Victoria park has been artistically laid out with trees, shrubs and flower beds in the centre of which plays a beautiful fountain.

Some years ago that eminent orator and statesman, the late Nicholas Flood Davin, depicted in poetry the future Regina beautiful in the words:

"A pleasant city on a boundless plain  
Around which land where peace and plenty reign;  
A legal camp, the province wisdom's home,  
A rich cathedral, learning's splendid dome;  
A teeming mart, wide streets, broad squares, bright flowers,  
A marble figure whence a fountain showers  
What city's this; a gentle princess famed  
For happy genius it Regina named."

which has actually come about, and today attests the poet's vision fulfilled.

In different parts of the city grounds have been laid out for the cricket, football, baseball, lacrosse and tennis, while the City has about 200 acres on the north side for park and recreation purposes. A splendid feature of the City is the children's playgrounds, located in different parts of the City.

### Wascana Lake

A body of water situated at the southern part of the City, between the residential portion of the City and the Parliament Buildings, in length approximately seven miles, and from three hundred yards to one-half mile in width. The first annual regatta of the Regina Board Club was held on July 1st, 1910. Recent improvements have added greatly to the appearance of Wascana Lake, and today it stands as one of Regina's valuable assets as a pleasure resort for canoeing, bathing and so forth.

The new Parliament Buildings, overlooking the lake from the south side, are beautifully situated, and are now about completed, and altogether it will be difficult to find in Saskatchewan a prettier spot.

Regina is a city of beautiful churches, amongst which special mention must be made of the Metropolitan Methodist Church, the Knox (Presbyterian) Church, St. Paul's (Anglican) Church and the St. Mary's Roman Catholic.

The Y.M.C.A. building, situated on the corner of Cornwall Street and Twelfth Avenue, is an institution that is proving of enormous benefit to the young men of the City.

A handsome new home of the Y.W.C.A. will be built this year at a cost of \$75,000, which will be a creditable addition to the City's public buildings as well as a benefit to the young women of the rapidly growing metropolis of the West.

The municipal public buildings would do credit to any city ten times its size. These have all been constructed without cost to the citizens out of the proceeds of the sale of their townsite lands. The City Hall comprises all the municipal departments, including the police and the police court, costing with the equipment about \$200,000. The Central Fire Hall is one of the most complete in the Dominion, costing with its new fire alarm system about \$30,000. The new Fire Hall No 2 is now being built on the north side of the track in the centre of the wholesale district. An appropriation of some \$13,000 has been set aside for this purpose. The incinerator plant cost \$40,000.00, and is one of the most modern scientific systems of disposing of garbage. Other public buildings have been erected free of cost to the citizens, and the City yet possesses an asset in its unsold property of close upon \$2,000,000.00.

Regina possesses a great feature in her exhibition grounds. These are admirably situated one mile west of the city on the north side of the Canadian Pacific Railway tracks. Spur track accommodation has been provided and the C. P. R. also run a fifteen minute passenger service when the occasion for such arises.

These grounds comprise some seventy-six and one-half acres surrounded by a board fence, eight and one-half feet high with two entrances at the east side with driveways, also passenger train entrance and stock entrance located on the south side.

Improvements to the Exhibition Grounds have already cost over a quarter of a million dollars and still further improvements are to be made. There are now three large main buildings and two grand stands, fifteen well-equipped horse and cattle stables, four race horse stables, and a large arena for judging, also a half-mile race track complete in every detail and a large building used as a Secretary's office, and numerous other smaller buildings. Water works and sewerage extend through the grounds and hydrants are placed in numerous parts of the grounds making a great convenience. All buildings are equipped with electric lights. The main buildings and grand stands are illuminated with strings of incandescent lights.

### **Dominion Exhibition, Regina, 1911**

The Dominion Exposition is to be held in Regina the first two weeks of August, 1911. Preparations for this important event have been going on steadily for nearly two years past. The citizens of Regina have apparently entered into the spirit of the thing and hotel registers in all parts of Canada and the United States and even in Great Britain contain the names of visitors from Regina invariably written, "Regina, " "1911." Great preparations have been made to make this the greatest exhibition ever held in Western Canada and no pains have been spared by the management to make it a success. Visitors from all over the world have signified their intention of being in Regina and all roads will lead to Regina for the Big Dominion Exhibition of August, 1911.

### **An Agricultural Centre**

Agriculture after all constitutes the foundation of the business pursuits of this province and the Regina district has been particularly fortunate the past season, having had good crops, while other parts of Western Canada have not had an average yield.

Government compiled reports show:

Saskatchewan wheat yield for 1910.....	81,139,000 bushels
Alberta wheat yield for 1910 .....	6,593,000 bushels
Manitoba wheat yield for 1910 .....	41,159,000 bushels
Total wheat yield for Western Canada.....	128,891,000 bushels
Saskatchewan produced .....	16.73 bushels to the acre
Manitoba produced .....	13.65 bushels to the acre
Alberta produced .....	12.32 bushels to the acre

The total cereal yield for Saskatchewan for 1910:

Wheat .....	81,139,000 bushels
Oats .....	61,367,000 bushels
Barley .....	3,598,000 bushels
Flax .....	3,448,000 bushels
Totalling .....	149,552,000 bushels

Only about one-tenth of Saskatchewan's wheat growing area is as yet under cultivation. Sir Wilfrid Laurier is authority for the prophesy that the day is not far distant when Saskatchewan will produce annually a billion bushels of grain. The future, which must of necessity lie before a city that can justly lay claim to being the centre of a province possessing such unlimited possibilities, is almost beyond descriptive words. Lying in the heart of a district which is rapidly becoming the bread basket of the world Regina cannot be prevented from becoming an immense commercial and industrial centre. Already there are 500,000 people in the province, and there is room for millions more. Whatever total the population may reach the people are bound to contribute to the business of Regina.

The area of Saskatchewan is 250,650 square miles. Regina is the capital and centre from which all the lines of Provincial Government extend. Along with government rule stretches out the Industrial and Commercial lines which extend to all parts of the province, and even beyond the confines of the provincial boundaries.

### Population.

From a population of 200 in 1882; 2,000 in 1901; 13,000 in 1909 to 18,500 at end of 1910. We mention with pride that practically one-fourth of our population was added during the year 1910. Since the boundaries have been extended and now embrace thirteen square miles by an order-in-council dated April 1st, 1911, the population is conservatively placed at 22,500.

As a financial and industrial centre Regina has made great strides during the past year, and the city is now generally regarded as the chief financial point in the West. The immense clearings of the local banks have placed Regina, financially at least, in a class with cities two or three times its size. The clearing house returns are published in the leading papers of Europe and America, and much good advertising has been received as a result of the excellent showing made by the Regina Clearing House.

We quote from an extract from the report of the Provincial Secretary, year ending March 31st, 1910: "During the year 64 companies registered in Saskatchewan under the provisions of the Foreign Companies Ordinance. Of these, 44 are Canadian, 16 United States, 3 Scotch and 1 French. They have an aggregate

capital of \$56,028,000. The Saskatchewan headquarters of no less than 47 of these companies, with capital of \$49,649,000, is located in Regina; six companies with capital of \$3,150,000 have their Saskatchewan headquarters at Moose Jaw, another six with capital of \$2,450,000 do business from Saskatoon, and the remaining five with capital of \$779,000 have their provincial representatives at Weyburn, Moosomin, Manor, Tisdale and Lake Centre."

Without undue elaboration or unfair comparison, we believe that in Regina will be found all those present day facilities and prospective advantages that a modern centre of commerce requires. There are many interesting features that have necessarily to be omitted in order to bring out a few of the salient facts within the limits of a brief bulletin.

## GOVERNMENT OF THE CITY OF REGINA

### Mayors

From the date of its incorporation as a town in the year 1883, and as a City on June 19th, 1903, down to the present year 1911.

1884—D. L. Scott, Q.C.	1898—F. N. Darke
1885—D. L. Scott, Q.C.	1899—J. K. McInnis
1886—Dan Mowat	1900—W. T. Mollard
1887—Dan Mowat	1901—W. T. Mollard
1888—W. Cayley Hamilton, Q.C.	1902—J. W. Smith
1889—J. W. Smith	1902—J. W. Smith
1890—J. A. McCaul	1903—J. W. Smith
1891—R. H. Williams	1904—H. W. Laird
1892—R. H. Williams	1905—H. W. Laird
1893—J. H. C. Willoughby, M.D.	1906—P. McAra Jr.
1894—Robert Martin	1907—J. W. Smith
1895—G. T. Marsh	1908—J. W. Smith
1896—W. F. Eddy	1909-10—R. H. Williams
1897—F. N. Darke	1911—P. McAra Jr.

### CITY OFFICIALS

Mayor—P. McAra Jr.  
 City Commissioner—A. McPherson  
 City Clerk—A. E. Chivers  
 City Treasurer—A. W. Goldie  
 Accountant—G. L. Wheatley  
 Cashier—H. R. Watts  
 Police Chief—Theodore Zeats  
 Sergeant—Charles Gleadow  
 Constables—F. Burns, A. Mulligan, F. Toop, G. Porter, J. Robson,  
 John Roach, John Ablett, A. Beale, T. Bosworth, D. Kerr, R.  
 Gardiner.  
 Solicitor—S. P. Grosch  
 Assessor and Tax Collector—J. C. Wilkinson  
 Auditor—George S. Gamble  
 Police Magistrate—William Trant  
 City Engineer—L. A. Thornton  
 Draftsman—R. W. Allen  
 City Foreman—A. S. Ross  
 Medical Health Officer—Dr. E. E. Meek

Sanitary Inspector and Relieving Officer—J. A. Bertwistle  
 Fire Chief—W. A. White  
 Second Engineer—F. McKay  
 Manager Electric Light Works—E. W. Bull  
 Waterworks Inspector—F. W. Brimacombe  
 Caretaker City Hall—A. Stewart  
 Market Clerk—James Williams  
 Librarian—J. R. C. Honeyman  
 Parks Superintendent—Malcolm N Ross  
 Building Inspector—O. T. Falls

### CITY COUNCIL, 1911

Council meets first and third Tuesdays of each month.

Mayor—P. McAra Jr.

#### Aldermen

Ward 1—L. L. Kramer and A. I. Shaw  
 Ward 2—D. S. McCannel and J. A. Westman  
 Ward 3—Robert Martin and Charles Willoughby  
 Ward 4—Robert Sinton and J. E. Doerr  
 Ward 5—A. D. Wright and George Cushing

#### Standing Committees of Council for 1911

Finance—Ald. Martin, chairman; Ald. Darke, vice-chairman; Ald. Kramer, Ald. Wright, Ald. Sinton  
 Meets on Fridays at 7.30 p.m.  
 Works—Ald. Sinton, chairman; Ald. Brown, vice-chairman; Ald. Shaw, Ald. McCannel, Ald. Halleran  
 Meets on Thursdays at 7.30 p.m.  
 Markets—Ald. Kramer, chairman; Ald. Halleran, vice-chairman; Ald. Darke, Ald. Martin, Ald. Peverett.  
 Meets on Thursdays at 4 p.m.  
 Assessment—Mayor McAra, chairman; Ald. Darke, Ald. Martin  
 Waterworks—Ald. Brown, chairman; Ald. McCannel, vice-chairman; Ald. Shaw, Ald. Peverett, Ald. Talleran  
 Meets on Wednesdays at 7.30 p.m.  
 Fire, Light and Power—Ald. Darke, chairman; Ald. Martin, vice-chairman; Ald. Shaw, Ald. Wright, Ald. Sinton.  
 Meets on Wednesdays at 4 p.m.  
 City Hall—Ald. Wright, chairman; Ald. Westman, vice-chairman; Ald. Willoughby, Ald. Kramer, Ald. Doerr.  
 Meets on Mondays at 4 p.m.  
 Health and Relief—Ald. Sinton, chairman; Ald. McCannel, vice-chairman; Ald. Martin, Ald. Kramer, Ald. Wright.  
 Meets on Mondays at 4 p.m.  
 Parks, Boulevards and Cemeteries—Ald. Cushing, chairman; Ald. Doerr, vice-chairman; Ald. Shaw, Ald. McCannel, Ald. Willoughby.  
 Meets on Tuesdays at 4 p.m.  
 Railway—Ald. Shaw, chairman; Ald. Wright, vice-chairman; Ald. Westman, Ald. Willoughby, Ald. Sinton  
 Meets on Fridays at 4 p.m.  
 Reception—Ald. McCannel, chairman; Ald. Kramer, vice-chairman; Ald. Martin, Ald. Doerr, Ald. Cushing.  
 Meets as required.

## POLICE DEPARTMENT

The Police Department is under the control of the Police Commissioners. It consists of a Chief, one Sergeant and twelve Constables.  
 Clerk to the Commissioners—A. E. Chivers  
 Police Magistrate—Wm. Trant  
 Chief Constable—Theodore Zeats

## HEALTH AND RELIEF DEPARTMENT

Health Officer—E. E. Meek, M.D.  
 Health Inspector and Relieving Officer—J. A. Bertwhistle

## FIRE DEPARTMENT

Central Fire Station—Hamilton St. between 11th and 12th Aves.  
 Telephone 23.

No. 2 Fire Station—Scarth Street North cor Eighth Ave.  
 W. A. White, chief  
 H. G. Gillespie, Captain.  
 Alfred Musto, first lieutenant  
 C. W. Walker, second lieutenant

The Regina Fire Department consists of one Chief of Department, one Secretary-Treasurer, one Captain, two Lieutenants, two Engineers, twenty-five Firemen, fifteen paid and ten call men, making a total of twenty-nine officers and men.

There are at present in the Department the following apparatus:

- 1 Chemical
- 2 Hose Wagons
- 2 Hose Reels
- 1 Steam Fire Engine
- 1 Hook and Ladder Truck
- 5,600 feet of Hose
- 4 Teams Trained Horses
- 5 Sets Quick Hitch Harness
- 1 Chief's Horse and Buggy
- 1 Combination Hose and Chemical

No. 2 Fire Hall in course of construction, Scarth Street North, cor. Eighth Ave.

## FIRE ALARM BOXES

- 5—South Railway St. and Broad St.
- 6—South Railway St. and Hamilton St.
- 7—South Railway St. and Scarth St.
- 8—South Railway St. and Lorne St.
- 9—South Railway St. and Albert St.
- 12—Cornwall St. and 11th Ave.
- 13—Osler St. and 12th Ave.
- 14—St. John St. and 11th Ave.
- 15—Ottawa St. and 10th Ave.
- 26—Angus St. and 12th Ave.
- 27—McIntyre St. and 12th Ave.
- 28—Lorn St. and 12th Ave.

- 29—Hamilton St. and Victoria St.
- 31—Smith St. and Victoria St.
- 32—Cornwall St and 13th Ave.
- 33—McIntyre St. and 13th Ave.
- 34—Hamilton St. and 14th Ave.
- 35—Albert St. and 14th Ave.
- 36—Lorne St. and 15th Ave.
- 48—Retallack St. and 7th Ave.
- 49—Dewdney St. and and Robinson St.
- 51—Dewdney St. and Albert St.
- 52—Cornwall St. and 8th Ave.
- 53—Dewdney St. and Rose St.
- 54—Dewdney St. and St. John St.

### FINANCIAL STATEMENT

City of Regina for the year 1909 has assets, \$3,441,569.70; liabilities, \$2,070,875.45, surplus over liabilities, \$1,370,694.34.

#### Assessment and Rate of Taxation

		Mills Public Schools	Mills Separate Schools
1901 .....	\$ 979,149	22	23.35
1902 .....	1,062,628	24	25
1903 .....	1,024,966	25	26.5
1904 .....	2,284,710	22	22
1905 .....	3,116,943	20	20
1906 .....	6,448,092	15	15
1907 .....	11,147,571	15	15

### ELECTRIC LIGHTING SYSTEM

The power house, built of brick and concrete, is situated at the corner of Dewdney and Broad Streets, n. e. of C. P. R. depot. Plant consists of two Westinghouse generators, one 300 k.w. and the other 100 k.w.; one Corliss engine of 475 h.p. and Ideal 150 h.p., 500 h.p. L. P. Turbine respectively; power furnished by four Babcock water tube boilers with capacity sufficient to operate electric lighting plant and the fire pump at full capacity. There are 80 arc lamps of 1200 c.p. for street lighting. The domestic incandescent lights are mostly on meter, there being about 2000 private services with 1650 on meter. There are 100 miles of line wire for domestic services and about 20 miles of arc wire. A flat rate for 4 16 c.p. lamps or under at 75c each per month. Over that number are on meter, rate 9c per kilowat hour.

### WATER WORKS SYSTEM

The waterworks system is owned and operated by the City. The supply is obtained from springs on Boggy Creek, a distance of about eight miles from the City, where a dam and reservoir has been constructed with a capacity of over 100,000,000 gallons and a gravitation of 85 feet from the reservoir to the power house basin.

There are two compensating basins, about 3 miles from the reservoir the first having a capacity of 65,000 gallons and the second a capacity of 1,000,000 gallons, and two storage basins at the Power House having a capacity of 150,000 gallons, and 500,000 gallons respectively.

Attached to each storage basin at the power house are pumps for maintaining the pressure at 100 pounds per square inch in case of fire. The water is led from the storage basins to the City by one 10-inch and one 18-inch cast iron main. These two mains have a combined capacity under gravity of 4,250,000 gallons per day.

The distributing system in the City consists of 26 miles of mains and 170 hydrants, which system will be increased 2 miles by this year's programme.

The water supply of the city as before stated comes from springs through a clean gravel formation and is pure, clear and cold.

The sewerage system of the City consists at present of 23½ miles of sewer main and is being added to this year to the extent of 5 miles.

The sewerage flows into a septic tank consisting of two chambers immediately south of the present city limits, each 10x20x100 feet before emptying into the Creek.

The City Council recognizes that the above system is inadequate to meet the growing needs of the city and has undertaken the construction of a trunk sewer and sewage disposal works, the estimated cost of which is \$476,275. Both these are nearing completion and will be in service early in 1911.

Of this new system, the Disposal Works and the North Trunk Sewer are to be built this year and at an approximate cost of \$280,000.

The Disposal Works is the most complete and modern plant in the Dominion of Canada, and has a capacity to serve a population of 70,000 people.

## STATISTICS OF PUBLIC IMPROVEMENTS

	Miles
Bitulithic Pavement .....	3
Creosote Wood Block Pavement .....	2
Asphalt Block Pavement .....	1
Sheet Asphalt Pavement .....	½
Graded Streets .....	73½
Granolithic Sidewalks .....	8½
Plank Sidewalks .....	40

An extensive programme of improvements is to be carried out in 1911.

## BOARD OF TRADE

Meets in the City Hall every Thursday of the month at 8 p.m.

President—T. B. Patton

First Vice-President—W. P. Wells

Second Vice-President—J. W. Nay

Executive—H. G. Smith, S. C. Burton, J. M. Young, J. A. Allan,  
Joseph Campbell, L. C. Walker, B. G. Baer, C. O. Hodgkins,  
W. F. Kerr, E. A. McCallum, T. W. Peart, W. G. Bishop, W. E.  
Mason, George Forsythe, A. Gibbons

Secretary and Publicity Commissioner—Robert J. Burdett

### Committees for 1911

Finance—C. O. Hodgkins, Joseph Campbell, J. W. Nay and W. E. Mason

Advertising—E. A. McCallum, J. M. Young, J. W. Nay, and W. G. Bishop

Business Men's—A. Gibbons, W. F. Kerr, L. C. Walker, J. A. Allan

Freight Rates—S. C. Burton, H. G. Smith, L. C. Walker, B. G. Baker, T. W. Peart and George Forsythe

Reception and Membership—W. G. Bishop, J. M. Young, W. F. Kerr, W. P. Wells, Joseph Campbell and C. O. Hodgkins

New Industries—H. G. Smith, J. M. Young, T. W. Peart, J. W. Nay

Transportation—W. P. Wells, S. C. Burton, B. G. Baker, and A. Gibbons

Legislation—J. A. Allan, George Forsythe, W. E. Mason, E. A. McCallum and W. P. Wells

## GREATER REGINA CLUB

### Development and Industrial Bureau

Honorary President—J. H. Haslam

President—W. F. Kerr

Vice-President—T. H. Robertson

Secretary—W. J. Leahy

Treasurer—George R. Whitmore

Auditor—George S. Gamble

### Executive Members

J. F. L. Embury, Walter McInnis, L. V. Kerr, A. Casey, J. L. R. Parsons, James Crookall, R. N. Kelly, Alex Ross, Jack Martin, Norman Mackenzie, J. A. Westman, James McAra, W. E. Mason, G. R. Whitmore, E. D. McCallum, H. J. Potts, W. G. Bishop, Hugh Peat, Fred Smith, John Brodt, Benjamin Petch, E. M. Young, E. C. Corbeau, S. P. Porter, D. J. Thom, Mrs. W. F. Kerr, Mrs. T. B. ### School

St. Mary's—L. L. Kramer, principal

## SASKATCHEWAN COLLEGE

The above institution, promoted by the Methodist Church of Canada, is to be located in Regina. College buildings and residences of the value at least of \$275,000 will be proceeded with in the spring of 1911 on 25 acres of the jail property between Sixteenth Avenue and Wascana Lake, adjoining the City Park, which has been obtained as a permanent site. The City of Regina has voted to the College Block 428, and the old hospital building on it in which temporary quarters will be located in September, 1911. Courses will eventually be offered for both young men and young women in all branches of collegiate and preparatory university work, music and business.

The following are the officers and Board of Governors: Principal, Rev. Prof. W. W. Andrews, LL.D.; chairman of board, His Honor Lieutenant-Governor G. W. Brown; first vice-president, J. F. Middlemiss, Wolseley; second vice-president, F. N. Darke, Regina; third vice-president, J. H. Grayson, Moose Jaw; secretary, D. J. Thom, Regina; treasurer, Mr. Justice Brown, Regina; solicitor, J. A. Cross, Regina.

Executive Committee—The officers with Rev. J. H. Oliver, J. W. Smith and Charles Willoughby.

### **NORMAL SCHOOL**

## Farm Lands

We have for sale some of the best land in Western Canada, in parcels of from 160 acres to 10,000 acres. We deal only in first selections and guarantee to please our buyers.

## Improved Farms

We offer for sale some of the finest improved farms in the Regina District. Before buying, be sure to see us.

## Regina City Property

No one can dispute the fact that Regina has grown very rapidly and has made great progress. The indications are that in the next few years Regina will double its population. This being the case investments in City property will net the investor big returns. Our years of experience are at your disposal, and if your money is placed with us for investment our aim will be to please you. We will be glad to furnish any information regarding investments or to send maps and pamphlets on request. If in the City, call on us. We will be pleased to see you.
